WHY IS IT WORTH EXHIBITING IN 2026?

- **Build personal relationships!** Meet live with your existing and new customers and professional partners - face-to-face meetings are still the most effective business tool today.
- **Be part of the season opening event of boating and water sports in Hungary!** A platform where the key players in the industry are present and where you can stand out.
- **Present your products and services directly to national and international decision makers!** Among the trade visitors of the exhibition you will find the most important market players looking for real business opportunities.
- **Target customers who are committed to boating and active leisure!** It is a unique opportunity to reach exactly those who are open to new things and ready to travel.
- **Sell locally - instant sales opportunities await!** Face-to-face presence speeds up business decisions, so you can not only introduce yourself at your stand, but also generate real revenue.
- **Strong, targeted media support ensures high visitor numbers!** Nationwide campaigns, social media, e-DM and public displays mobilise potential customers - and you can be where the market is.
- **With a rich programme of professional and public events - lectures, conferences, business forums, cultural experiences** - you'll not only exhibit, but also keep learning and be inspired.
- **Build your brand and get to know your competitors!** The exhibition is a great opportunity to build your brand and assess the market situation so you can stay one step ahead.
- **Personalised professional support at every!** Our team will do everything to make your launch a smooth and successful one, so you only have to focus on the content.

BUDAPEST BOAT SHOW 2026

- unique opportunity

Afrika Expo Budapest

Hungary's largest international Africa themed forum with programmes, authentic accessories

TRAVEL EXHIBITION

It is the most important annual meeting place for tourism, where **professionals and travellers discover new experiences and inspirations for all ages.**

For 47 years, it has been Hungary's leading **tourism opening event**, an **indispensable platform** for professionals **to build relationships** and **learn about the latest trends**. During the four days of the event, the general public can **gather inspiration from a wide range of domestic and foreign destinations**, **have a closer look at the culture and customs of different countries**, get to know the specialities and attractions of Hungarian cities and regions, **experience** new things - and win valuable trips.

Experience tourism brought to life

- Professional conferences and B2B meetings
Current tourism trends, inspiring presentations, business networking.
- Cultural, musical and gastronomic performances
Regional dances, live music shows, cooking shows.
- Popular travellers stories
Authentic, personal stories from well-known bloggers and vloggers.
- Interactive experience points and themed activities *Experience, information and inspiration in one place - tangible travel experiences.*
- Islands of Experience - where visitors can be part of tourism.

CARAVAN SALON

One of the most prominent themes at Hungary's leading tourism exhibition is undoubtedly the Caravan Salon, which will continue to welcome visitors in 2026.

Most of the exhibitors are regular travellers themselves, so for the more experienced this is an annual meeting place, and for those who are new to this form of travel it is a great opportunity to get first-hand information from more experienced travellers.

In 2025 visitors were able to view over **50 caravans and motorhomes** from **20 exhibitors**. The success of the event is reflected in the number of vehicles that found a home this year.

E-BIKE TEST&SHOW

The third E-bike Test&Show in 2025 was again very popular among visitors and exhibitors alike, with **more than 1800 people** trying out one of the **100 e-bikes** on a purpose-built **3000 square metre track**.

As in previous years, a **wide range of domestic brands** were represented at the event.

Visitors were not only able to view the range of electric bikes on the stands, but also to test them free of charge on the test track during the exhibition's opening hours.
