

Here is the technology
for the metamorphosis.

INDUSTRY DAYS AND MACH-TECH EXHIBITIONS

MACH-TECH and INDUSTRY DAYS professional exhibitions are Hungary's most significant business meeting events for industry stakeholders held in HUNGEXPO Budapest Congress and Exhibition Center in May 2022.

2022 will mark the 15th anniversary of MACH-TECH International Trade Exhibition for Machine-manufacturing and Welding Technology as well as the 9th anniversary of reformation of INDUSTRY DAYS International Industrial Trade Exhibition, respectively.

COME AND CELEBRATE WITH US!

REVIEW – 2019.:

This decade's greatest industrial closed its gates in HUNGEXPO Budapest Congress and Exhibition Center on 17 May 2019.

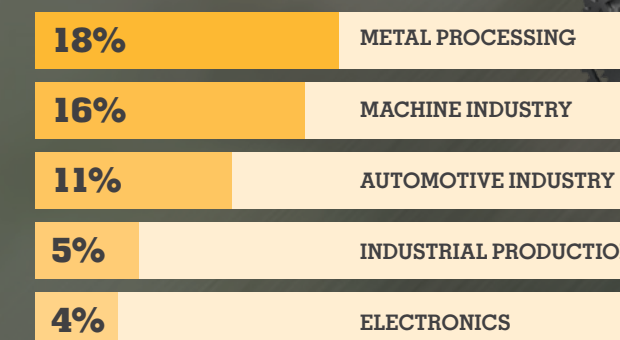

Demonstrating their intensive demand for the event, 562 companies (including 170 foreign industry stakeholders) of 20 countries reserved their places in Budapest Fair Center. Due to the exhibition cluster's success, we added Pavilion D in 2019 to the original Pavilions A, G and F, which allowed exhibitors to occupy a larger area and visitors to get a truly comprehensive insight into the current supply, opportunities and progress of the various industries. The 562 companies altogether brought 1100 tons of machinery to Hungexpo's four exhibition halls in 2019. The event attracted 19,016 visitors, who were received by 3,089 exhibitor associates.

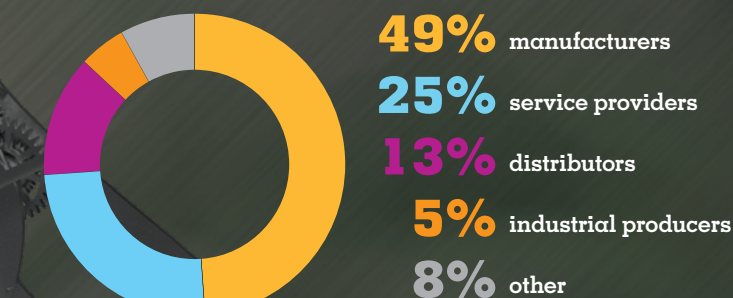

OUR VISITORS (in 2019)

In 2019, 19,000 PROFESSIONAL VISITORS attended the event (13% more than in 2017)

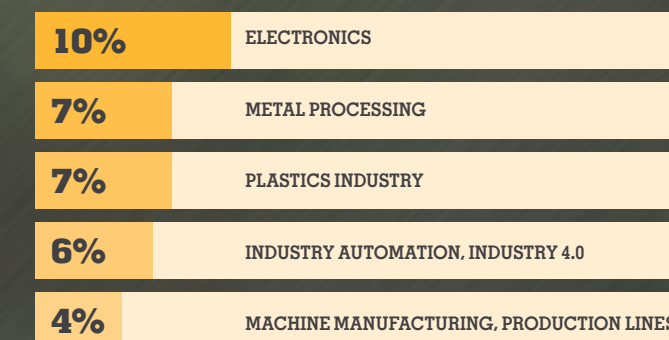

BY THEIR RESPECTIVE AREAS REPRESENTED
(They altogether represent 30 industries, of which the Top 5 are):

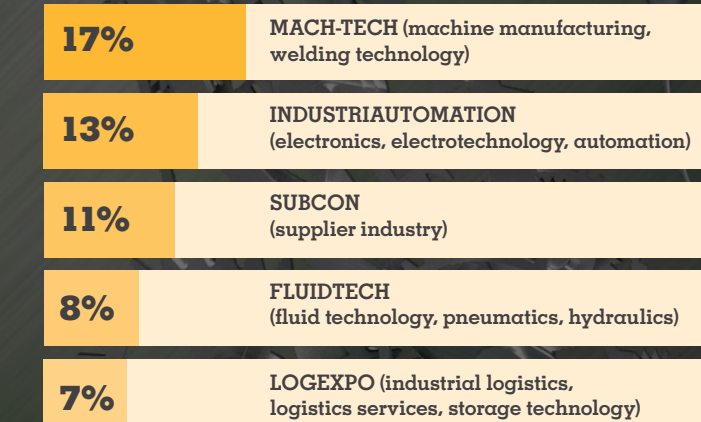

BY THEIR COMPANIES' SCOPE OF ACTIVITIES:

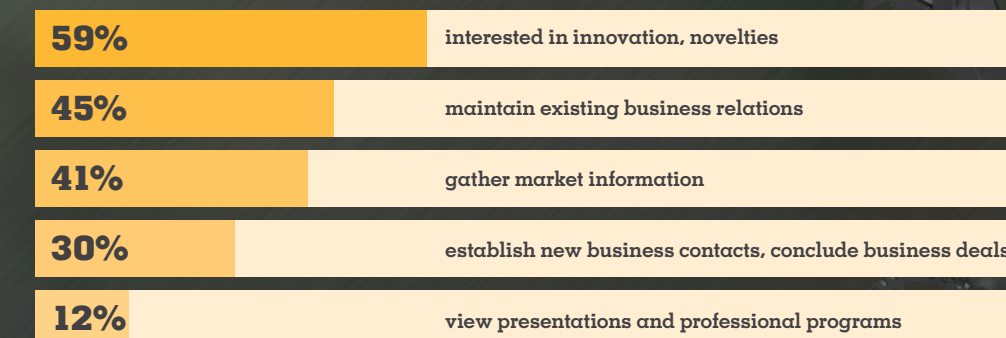

THEY WANT TO MEET EVEN MORE EXHIBITORS FROM THE FOLLOWING AREAS (Top 5):

BY THEIR AREAS OF PRIMARY INTEREST (Top 5):

BY THEIR PRIMARY GOALS FOR VISITING THE EXHIBITION (Top 5):

97% recommend
visiting the exhibition and
91% recommend
participation as an exhibitor

MACH-TECH
15. International Trade Exhibition for Machine
Manufacturing and Welding Technology

INDUSTRY DAYS
9. International Industrial Trade Exhibition

13-10 May 2022

hungexpo

MACH-TECH International Trade Exhibition for Machine Manufacturing and Welding Technology as well as INDUSTRY DAYS International Industrial Trade Exhibition will be held again in HUNGEXPO Budapest Congress and Exhibition Center on 10-13 May 2022.

Co-event:
AUTOMOTIVE HUNGARY
International Trade Exhibition for Automotive Industry Suppliers

Next May we will bring you yet another event with nearly all industries so that exhibitors and visitors could give and get first-hand information on professional trends, and participants could utilize the existing synergy between the various branches of industry.

WHY YOU WILL FIND IT WORTHWHILE TO EXHIBIT IN 2022:

- **The most prestigious** Hungarian industrial exhibition with a fundamental regional role
- **You can showcase your products and services** for Hungarian and international professional visitors and the key market players
- **Customized services** to boost the efficiency of your exhibition
- Characterized by a rich professional programme, the event enjoys wide **professional and state support**
- **Industry representatives and decision makers are welcomed by high-end professional presentations, conferences and business forums**
- Visitors are mobilized by a **national and cross-border media** and **DM campaign**
- **We expect 500 exhibitors and 20,000 professional visitors of 4000 companies from at least 30 industries** from the CEE region, who will be all at the same place and the same time to get an insight into the supply and the players in the market as well as the latest trends, innovations and the opportunities offered by the various industries.
- The event allows you to intensify your relations with your existing customers and acquire new ones

PLANNED EVENTS:

- **Industry 4.0 Conference** (Ministry for Innovation and Technology)
- **Supplier Forum**
- **Top-quality presentations and workshops**
- **Conferences, further training courses organized by professional partners**
- **Techtogether student competition**

PROFESSIONAL AND MEDIA PARTNERS:

- Budapest and Pest County Chamber of Engineers (BPMK)
- Scientific Society for Mechanical Engineering (GTE)
- Ministry for Innovation and Technology (ITM)
- Industry 4.0 National Technological Platform
- Public Benefit Non-Profit Ltd. for the Development of Industry (IFKA)
- Hungarian Association of Welding Technology and Material Testing (MHtE)
- Association of Hungarian Automotive Component Manufacturers (MAJOSZ)
- Institute for Computer Science and Control (SZTAKI)
- German-Hungarian Chamber of Industry and Commerce (DUIHK)

NOVELTIES AND KEY ACCOUNT SERVICES FOR OUR EXHIBITORS:

Considering our exhibitors’ interests and requests as well as the international trends and the pandemic-driven changes, we are planning to launch several novelties, all of which are designed to provide comfortable conditions and an even more successful and safer participation for our exhibitors and partners:

VIRTUAL EXTENSION - HYBRID EXHIBITION

In addition to the exhibition carried out in the conventional physical space, this year’s exhibitors and visitors can also join the event online, as **we extend the on-site exhibition with a virtual module.**
Do not miss this opportunity! Be present in the digital space, too! Don’t limit your appearance to the physical event!

RENEWING EXHIBITION CENTER – REVITALIZATION PROGRAMME

Revitalization Programme involves the renewal of the entire Hungexpo area. Two new, columnless exhibition halls, a modern conference centre equipped with cutting-edge technology and a new reception hall were built, besides the old ones were renovated as well. This implementation means the realization of HUNGEXPO Budapest Congress and Exhibition Center’s most significant development project in the last 50 years.

THEMES

MACH-TECH

International Trade Exhibition for Machine Manufacturing and Welding Technology

- Metalworking machines and machine construction components
- Factory automation
- Binding technology equipment and tools
- Robotics, production lines
- Heat treatment equipment and coating machines
- Surface treatment and surface protection
- Corrosion-resistant structural materials
- WELD-TECH Metal and plastic welding materials, equipment and tools
- Industrial material inspection methods, equipment and devices
- Tool and device manufacturing
- Machine maintenance and diagnostic tools, methods
- Measuring technology, quality assurance
- Software in the machine industry
- Industrial cleaning technology
- SUBCON - supplier industry, metal processing

Additional key services:

- **Exhibitor banquet (11 May 2022, 18:00)**
- we’re treating our exhibitors to some music and a buffet dinner along with a friendly discussion on the second day of the event, from 6 pm
